

Investor presentation
National Energy Services Reunited Corp.
NASDAQ - NESR
April 2018

Disclaimer and Forward Looking Statement

This presentation (the "Presentation") is for information purposes only and is being delivered to you for the sole purpose of your consideration and evaluation of a potential investment in equity securities of National Energy Services Reunited Corp. ("NESR" or "the Company") and does not constitute an offer to sell, a solicitation of an offer to buy, or a recommendation to purchase any other equity, debt or other financial instruments of NESR, NESR Holdings Ltd. (the "Sponsor"), the target companies described herein, or their respective affiliates' securities (as such term is defined under the U.S. Federal securities laws). This Presentation does not purport to contain all of the information that may be required to evaluate a potential investment in the Company and you should seek your own legal, accounting and other relevant professional advice. Acceptance of this Presentation further constitutes your acknowledgement and agreement that none of NESR, the Sponsor, the target companies and their respective affiliates, directors, officers, employees, partners, members, controlling persons, agents or advisers (collectively, their respective "Representatives") (i) makes any express or implied representation or warranty as to the accuracy or completeness of the information contained herein or (ii) shall have any liability to the recipient or its representatives relating to or arising from the information contained herein or any omissions from such information, or any other written or oral communication transmitted to any interested party in the course of its evaluation of a potential investment in NESR.

The NESR securities described in this Presentation have not been registered under the Securities Act of 1933, as amended (the "Securities Act") or the securities or "Blue Sky" laws of any state. It is intended that the NESR securities described in this Presentation, if offered and sold, will be made available only to "accredited investors", as defined in Rule 501(a) of Regulation D promulgated under the Securities Act in reliance on one or more available exemptions from the registration requirements of the Securities Act and state securities laws. The NESR securities described in this Presentation have neither been approved or disapproved by the SEC, any state securities commission or other regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of this potential investment or the accuracy or adequacy of this Presentation. Any representation to the contrary is unlawful.

All information herein speaks only as of the date hereof, unless stated otherwise. Neither NESR nor the target companies undertake any obligation to update or otherwise revise any information contained in this Presentation.

Use of Projections: This Presentation contains certain financial forecasts with respect to the Company and the target companies. These financial projections have been provided by their respective management teams, and their independent auditors have not audited, reviewed, compiled, or performed any procedures with respect thereto for the purpose of their inclusion in this Presentation, and accordingly, do not express an opinion or provide any other form of assurance with respect thereto for the purpose of this Presentation. These financial projections should not be relied upon as being necessarily indicative of future results. The inclusion of such information is not an admission or representation by them that such information is material. In this Presentation, certain of the above-mentioned financial projections (in each case, with an indication that the information is an estimate and is subject to the qualifications presented herein) have been prepared for purposes of providing comparisons with historical data. The assumptions and estimates underlying the projections are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the projections. Accordingly, there can be no assurance that the prospective results are indicative of the future performance of NESR or the target companies or that actual results will not differ materially from those presented. Inclusion of the financial projections in this Presentation should not be regarded as a representation by any person that the results contained in the projections will be achieved. The information contained herein is not a guarantee of future performance.

Forward-Looking Statements: This Presentation includes "forward-looking statements" regarding the Company and the target companies that reflect their current views and information currently available. This information is, where applicable, based on estimates, assumptions and analysis that management believes, as of the date hereof, provide a reasonable basis for the information contained herein. Forward-looking statements can generally be identified by the use of forward-looking words such as "may", "will", "expect", "intend", "plan", "estimate", "anticipate", "believe", or other similar words. Forward-looking statements may include, for example, statements about: the parties' ability to effect the business combination; the timing of the close of the transaction, the benefits of the business combination; the future financial performance of NESR following the business combination; and changes in GES and NPS strategy, future operations, financial position, estimated revenues, and losses, projected costs, prospects, plans and objectives of management. These forward-looking statements are based on information available as of the date of this investor presentation, and current expectations, forecasts and assumptions, and involve a number of judgments, risks and uncertainties. Accordingly, forward-looking statements should not be relied upon as representing NESR's views as of any subsequent date, and NESR does not undertake any obligation to update forward-looking statements to reflect events or circumstances after the date they were made, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws. You should not place undue reliance on these forward-looking statements. As a result of a number of known and unknown risks and uncertainties, NESR's actual results or performance may be materially different from those expressed or implied by these forward-looking statements. Some factors that could cause actual results to differ include: (i) the occurrence of any event, change or other circumstances that could delay the business combination or give rise to the termination of the definitive agreements relating to the business combination; (ii) the outcome of any legal proceedings that may be instituted against NESR following announcement of the business combination; (iii) the inability to complete the business combination due to the failure to obtain approval of the stockholders of NESR, or other conditions to closing in the definitive agreements relating to the business combination; (iv) the risk that the proposed business combination disrupts current plans and operations of NESR, NPS or GES as a result of the announcement and consummation of the business combination; (v) NESR's ability to realize the anticipated benefits of the business combination, which may be affected by, among other things, competition and the ability of NESR to grow and manage growth profitably following the business combination; (vi) costs related to the business combination; (vii) changes in applicable laws or regulations; and (viii) the possibility that NESR, NPS or GES may be adversely affected by other economic, business, and/or competitive factors.

Disclaimer and Forward Looking Statement (Continued)

The foregoing list of factors is not exclusive. Additional information concerning these and other risk factors are contained in NESR's most recent filings with the SEC. All subsequent written and oral forward-looking statements concerning NESR, GES and NPS, the transactions described herein or other matters and attributable to NESR, GES, NPS, and GES' and NPS' shareholders or any person acting on their behalf are expressly qualified in their entirety by the cautionary statements above.

Non-GAAP Financial Measures : This Presentation includes certain financial measures not presented in accordance with generally accepted accounting principles ("GAAP") including, but not limited to, EBITDA, adjusted EBITDA and certain ratios and other metrics derived therefrom. NESR believes that these non-GAAP measures of financial results provides useful information to management and investors regarding certain financial and business trends relating to NPS, GES and NESR's financial condition and results of operations. NESR's management uses these non-GAAP measures to compare its performance to that of prior periods for, among other reasons, trend analysis and for budgeting and planning purposes. NESR believes that the use of these non-GAAP measures provides an additional tool for investors to use in evaluating ongoing operating results and trends and in comparing NESR's financial measures with other peer companies, many of which present similar non-GAAP measures to investors. Management of NESR does not consider these non-GAAP measures in isolation or as an alternative to financial measures determined in accordance with GAAP. The principal limitation of these non-GAAP measures is that they exclude significant expenses that are required by GAAP to be recorded in the Company's financial statements. In addition, these measures are subject to inherent limitations as they reflect the exercise of judgment by management about which expenses and income are excluded or included in determining these non-GAAP measures. You should not place undue reliance on these non-GAAP measures. We urge you to review NPS, GES and NESR's financial statements, which are presented in NESR's preliminary proxy statement and amendments thereto which have been or will be filed with the SEC, and a definitive proxy statement which will be delivered to stockholders of NESR, when available. Certain non-GAAP financial information included in this investor presentation is preliminary, unaudited and subject to revision upon completion of the Company's closing and audit processes. As such, potential investors are cautioned not to rely on such information, as audited results may differ materially from the information provided herein.

Additional Information : In connection with the proposed business combination between NESR and the target companies, NESR filed with the SEC a preliminary proxy statement and will mail a definitive proxy statement and other relevant documentation to NESR stockholders. This Presentation does not contain all the information that should be considered concerning the proposed business combination. It is not intended to form the basis of any investment decision or any other decision in respect to the proposed business combination. NESR stockholders and other interested persons are advised to read, when available, the preliminary proxy statement and any amendments thereto, and the definitive proxy statement, in connection with NESR's solicitation of proxies for the shareholders meeting to be held to approve the transactions contemplated by the proposed business combination because these materials will contain important information about NESR, the target companies and the proposed transactions. The definitive proxy statement will be mailed to NESR stockholders as of a record date to be established for voting on the proposed business combination when it becomes available. NESR's stockholders will also be able to obtain a copy of the preliminary proxy statement, including amendments thereto, and definitive proxy statement once they are available, without charge, at the SEC's website at <http://sec.gov> or by directing a request to NESR at 777 Post Oak Blvd., Suite 730, Houston, Texas 77056.

This Presentation shall not constitute a solicitation of a proxy, consent or authorization with respect to any securities or in respect of the proposed business combination.

NESR and its directors and officers may be deemed participants in the solicitation of proxies of NESR's stockholder with respect to the approval of the business combination. Information regarding the Company's directors and officers and a description of their interest in NESR will be contained in the preliminary proxy statement and amendments thereto, and the definitive proxy statement for the business combination, when available. Each of these documents will be available at the SEC's website or by directing a request to the Company as described above under "Additional Information."

NESR has assembled an experienced management team and shareholder base

Transaction highlights

- National Energy Services Reunited Corp. (NESR) agreed to acquire Gulf Energy SAOC (GES) and NPS Holdings Ltd (NPS or National Petroleum Services), at the closing of the contemplated transaction -
 - The combined acquisition Firm Value (FV) will be ~\$1.1 billion implying a 5.8x Year 1 FV/EBITDA.
 - Existing owners of GES will roll 100% of their equity into NESR at \$10 per share.
 - Existing owners of NPS will roll part of their equity into NESR shares at \$10 per share, and were paid in January \$150 million by Hana Investments. Hana Investments will receive NESR ordinary shares at \$11.244 per share. The remaining equity shall be paid from the IPO trust balance of \$231.3 million¹ as well as equity contributions from additional investors.
- NPS and GES are two best-in-class companies, who have both performed exceptionally well during the downturn.
- Our ambition is for NESR to provide a focused investment theme to Middle East/ North Africa (MENA) land and shallow offshore market.
- Unique opportunity to create the largest and first listed regional MENA oilfield services champion in a fragmented market dominated by international service operators, and characterized by long term contracts and in-country value.
- Platform to expand our regional presence and product portfolio through further M&A, adding scale and bringing technology to the region
- Backed by two experienced investors (SCF Partners and Hana Investments) who will bring additional capital and experience in this sector
- Anticipated closing of the transaction in mid-end May 2018

NESR

¹ As of March 30, 2018

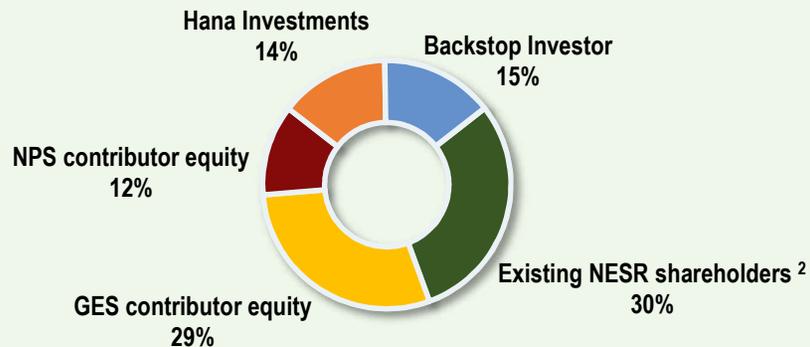

Transaction structure

Illustrative source and uses (with no redemption)

Sources of funds	\$ million	Uses	\$ million
Existing cash in trust account (Mar-18)	231.3	Cash consideration	292.8
GES contributors' equity retained	282.3	Hana investments	150.0
NPS contributors' equity retained	113.2	GES contributors' equity retained	282.3
Hana investments	150.0	NPS contributors' equity retained	113.2
Backstop investor ¹	150.0	Ticker fee + loan contracts interest estimate	12.5
		Cash to balance sheet (assuming full \$150 m)	76.0
Total sources	926.8	Total uses	926.8

Illustrative pro forma ownership

Illustrative pro forma NESR valuation

	\$ million
NESR pro forma equity ³	962
NESR pro forma combined net debt ⁴	169
FV NESR	1,132
Implied multiples	
Year 1 (2018-2019) EBITDA ⁵	200
Year 1 FV/EBITDA	5.8x
Year 2 (2019-2020) EBITDA ⁵	247
Year 2 FV/EBITDA	4.7x

Limited dilution expected from potential earn-outs

Source: Year 1 and Year 2 numbers based solely on NESR estimates. These figures may differ significantly from actual finalized deal numbers until actual closing. As a result, investors should undertake their own analysis prior to making an investment. Additionally, there are no guarantees that the company will be able to successfully implement this strategy; ¹ NESR could exercise beyond the \$70 million backstop commitment, and additionally upto \$80 million in PIPE. ² Including Sponsors and all NESR public shareholders; ³ At \$10 per share, assuming no impact from the dilution of warrants; ⁴ net debt as of expected closing (mid May)⁵ Year 1 is 2018-2019 (12 months from closing) and Year 2 is 12 months subsequent to Year 1 over 2019-2020; Year 1 and Year 2 EBITDA estimates assume synergies which are expected to be respectively \$25mm and \$33mm on a full year basis. Assuming no synergies would bring the multiples to the following: Year 1 FV/EBITDA: 6.6x and Year 2 FV/EBITDA: 5.4x
